

Unicoi Springs Amenities Feasibility Study

The directors and the Finance committee are studying our listed amenities to determine if any changes or improvements need to be made. We need all of the owners input to determine what needs to be undertaken.

Please check off the amenities you use in our park. If you do not use something please put your reasons as to why you do not use in comments on the bottom of the survey. Also if you use something but you see where improvements could be made to improve usage please add those comments as well.

After you complete this form return it to the office with your ballot or turn in to the office staff if currently in the park.

Please Check all you use	Amenities	Comments
